مجموعة الفانار للغاز
AL FANAR GAS GROUP

U.A.E NATIONAL COMPANY

A subsidiary of

INTRODUCTION

Al Fanar Gas is one of the U.A.E's leading and best gas companies that specialized in Liquefied Petroleum Gas (LPG) Distribution, Engineering, Construction, and procurement of Synthetic Natural Gas (SNG) and Natural Gas (NG) pipeline and systems to thousands of homes, businesses and UAE's most iconic buildings.

Our gas services include Operation, Maintenance, Metering, and Billing. Our experts drive innovation by providing consultation, design and feasibility studies for all types of gas projects, while our trading arm delivers some of the world's most advanced oil and gas equipment from reputable Manufacturers around the world to all our Projects. Finally, Al Fanar is proud to be **ADNOC's largest LPG Distributor** and Natural Gas Billing & Collection Service provider.

The founder, Mr. El Gebely has established the group with a vision that complies with a wise leadership of U.A.E. Headquartered in Abu Dhabi since 1990, Al Fanar has expanded and has established fully operational branches in Dubai, Al Ain, Fujairah, Ajman, Ras Al Khaimah, Umm Al Quwain and Oman.

32 YEARS

PROVIDING UAE ENERGY NEEDS

OUR MISSION

To be the leading service provider of Gas Distribution, Operation and Maintenance Services, supported by the latest technology in Energy Solutions along with the implementation of *safety* measures and provides clients with the most competitive prices for our services without compromising quality.

**“YOUR BEST
ENERGY PARTNER”**

OUR VISION

YOUR SAFETY IS OUR PRIORITY

To achieve our continues client satisfaction, Al Fanar is persistent to enhance our services by utilizing the latest technology in the gas sector and being the best energy provider to our valued clients, in parallel to ensuring that safety is outmost priority . Al Fanar is transparent to new opportunities and partnership that aims to strengthen and widen our service quality to an international level.

QUALITY IS OUR STANDARD

For the past 32 years, Al Fanar Gas Group has achieved a proven track record in public and private entities in the U.A.E. First, on behalf of our Board of Directors and Senior Management, we thank the U.A.E leadership for being an inspiration to all leaders in the world, and providing vision, dedication, and support to all sectors in the country, especially to the energy sector.

Al Fanar has the honor to be a small part of the U.A.E success by building a civilized, advanced nation through sustainable achieved development. Our success would have never existed without our valuable Clients and Customers who we thank for their contribution to our success journey.

ALI ALAA EL GEBELY

Vice Chairman & Managing Director
Al Fanar Holding L.L.C

OUR ACHIEVEMENTS

Al Fanar Gas Group is certified by ADNOC in country value program or ICV, an initiative designed to achieve the optimum value from UAE nation's oil and gas resources. Al Fanar has been recognized as ADNOC's biggest LPG distributor in Abu Dhabi.

We have successfully installed over 1,800 gas projects across the Emirates and operating 90% of the UAE hospitality sector. Our gas systems cover 70% of Abu Dhabi, Dubai, and Northern Emirates' most iconic projects. As an authorized distributor for LPG from ADNOC, we have distributed more than 50 million liters of LPG, thanks to our huge fleet of road tankers.

Al Fanar has 32 years of experience in Operation, Maintenance, and Gas Distribution using the highest technical standards in the gas industry. Al Fanar is recognized as a market leader by all concerned authorities and stakeholders.

OUR INNOVATION

Al Fanar is a pioneer in bringing the latest gas energy technology in UAE

NATURAL GAS NETWORK

First company in the Emirate of Abu Dhabi to design, procure and install a natural gas network in residential development in the Emirate of Abu Dhabi. The installation took place in Al Raha Gardens Phase 1,2,3,4 and 5 and now services over 1,370 villas.

SMART METERING SYSTEM

First company in the UAE to implement a smart metering system to stream-line the process of gas monitoring and payment in Etihad Towers Complex . A pre- payment meter allows customers to pay for their energy by topping up a handy a local charging kiosk in Al Bustan Complex.

SNG SYSTEM

Al Fanar was the first company to install a SNG system in Abu Dhabi. Designed and build gas infrastructure of Al Reem Island which is the largest SNG station in Abu Dhabi. The system was custom-designed to fit ADNOC and GASCO specifications.

SMART METER READING

Smart metering system to stream-line the process of gas monitoring and payment. A pre-payment meter allows customers to pay for their energy by topping up a handy a local charging kiosk.

REMOTE READING

Al Fanar is the first to introduce to the UAE, the Automatic Meter Reading (AMR), a technology platform designed to save improve operational efficiency and labor by automating the meter reading process. Thanks to the AMR, meter reading takes place automatically and without disturbing the client.

DIGITALIZATION

A change in the conventional approach of business to digitalization in order to enhance customer service. Transactions are created through Digital Platform through an Application that is connected to our ERP system. This improves the productivity and real time information updates. This is also our first initial step on going paperless.

OUR SERVICES

Al Fanar is a highly reputable name in the Gas Sector specializing in "L.P.G, S.N.G & N.G" distribution systems in the U.A.E. and Oman.
